WHARF GETS INTO ROCKFISH SEASON

May marks the start of commercial rockfish season, which means rockfish entrees at restaurants at Old Fisherman's Wharf.

Rockfish, also known as rock cod, has a mild sweet flavor with a nutty accent. Restaurant highlights include Parmesan-crust rockfish at Abalonetti, beer-battered fish and chips made with rockfish at Café Fina, rockfish tacos at Crab Louie's and whole oven-roasted rockfish at Old Fisherman's Grotto.
